

Any to Any Electronic Document Exchange

Retail Pro EDI Integration with Vendor Community

Concentrate on running your Business & Leave the EDI details to Dlcentral

Dlcentral's Integration solution for Retail Pro allows you to build a seamless electronic commerce connection to your vendor community. Small to Medium sized retail operations can now reap the benefits of doing EDI with their vendor community without the large EDI staffing costs, ongoing technology costs, new EDI maps and EDI mapping updates.

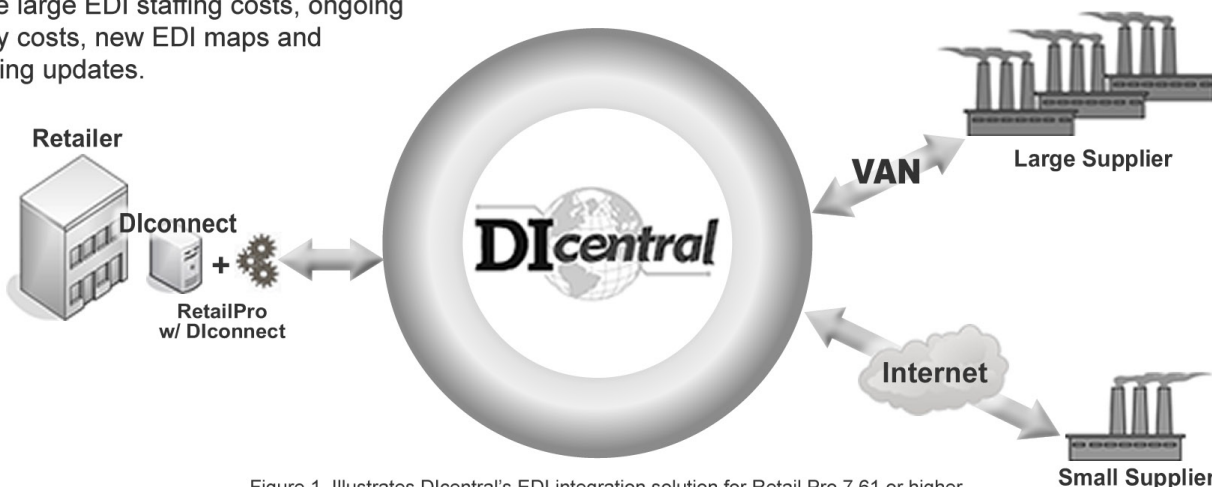

Figure 1. Illustrates Dlcentral's EDI integration solution for Retail Pro 7.61 or higher

- Receive all the benefits of traditional EDI solutions without the large investment
- Smaller technology footprint allows you to focus on running your business
- Eliminate the need for double-data entry with Dlcentral's Integration Solution.
- Dlcentral's Any-to-Any Platform allows you to connect to any trading partner
- Leverage your existing infrastructure with Dlcentral's web-based solution
- Dlconnect allows you flexibility to choose when data will be sent and received

Choosing Dlcentral's Integration solution for Retail Pro helps you realize the benefits of e-commerce by streamlining your supply chain, and automating your inventory replenishment process, while leveraging your current investments in technology infrastructure.
